

# THE BRITISH COLUMBIAN.

No. 80, Vol. 3.

NEW WESTMINSTER, WEDNESDAY, NOVEMBER 18, 1863.

Price 6d. or 12 cts.

This JOURNAL is published every Wednesday and Saturday morning, and is delivered by Mail and Express to all parts of the Colonies, Washington Territory, Oregon, California, the Eastern Provinces and Great Britain.

The British Columbian.  
NEW WESTMINSTER, WEDNESDAY, NOV. 18, 1863.  
BISHOP HILLS ON BRITISH COLUMBIA.

At a meeting held at Salishbury, a few days ago, the Bishop of Columbia bore out the statement of the *Times* correspondent as to the wonderful productivity of that colony. He said:—"Australia had been built up by the discovery of gold, and California, on the western coast of America, had been attracting people over to that country; and the same circumstance now, in the hands of God, was attracting the population to British Columbia. As Australia had now reached a point at which it was very likely, owing to the present troubles in America, to assert its independence, and become another nation in the world, so was it in regard with British Columbia. He had himself travelled in most parts of the colony, and he must tell them that gold was spread over the country very largely. In one part it was washed down in the river, higher up it was found in substance like brick, and when they got to the mountains where it was disintegrating, it was found in large pieces, varying from the size of a pea to an inch long. It was in Cariboo where the population was at work, and he would just mention an instance of gold diggings. Last year he sat by the side of a man who was digging for gold, and after excavating the earth, had come upon a rock. He used a knife, and was picking the rock just as a person would open an oyster, and from the crevices he took the gold. After sitting by him for about ten minutes, he asked him how much he had got, and on washing up that ten minutes' work he found that he had got £70 worth of gold. On the same day he visited another place where the miners had been at work, and at six o'clock they had washed up the gold, when there was £600 worth, being the work of only ten men. But even that, at the present time, was exceeded in richness in other parts, for last year he had heard that ten men had, in one day, succeeded in obtaining 100 ounces or more. This showed the exceeding richness of the gold discovery, so that they might look upon that country as destined in future to attract a large population. Let it not be supposed, however, that this gold was to be obtained easily. They had probably read in the *Times* newspaper of the exceedingly rich results of the gold regions, and he had not seen anything in the *Times* reports which was in any way exaggerated. He believed, however, that those reports were not up to the mark; but it was a matter of complaint that they did not show the dark side of the picture. Therefore, he would not have any one present have an idea that the gold was to be easily got, for he must tell them that it was only to be obtained by very hard labour indeed. A young man well educated and softly brought up, on arriving in Columbia from England, expecting to be told where the gold was to be found, was rather surprised at having to go 600 miles up the country. Some, therefore, after getting a short way, turn back, and never reach the gold mines at all; for they must remember that this was a new country, and though it was attractive in this and other ways, yet was a new country, and required strong, hard-handed men and determined spirits to open it up. There was no doubt that Columbia would shortly be as attractive as an agricultural country, for the miners out there must be fed; and at present they were only fed by food brought to them on horseback through the country. As soon, therefore, as agriculturists go and cultivate the land near the mines, the miners would be supplied from the country round, and the agriculturists would obtain an excellent return for their labour. But all persons who go out there must expect to labour for their living, and he sometimes greatly astonished young men who had brought letters of introduction to him, when they asked him what they should do, by telling them that his advice was that they had better get two months' work on the roads that they might learn the business of the colony and prepare their hands for what they surely would have to do."

LORD CLYDE.—A correspondent of a Scotch paper furnishes the following:—"Having been professionally occupied recently in making a search in the old register of births and baptisms for the city of Glasgow, now deposited in the Register House, Edinburgh, I accidentally came upon that of our illustrious and gallant townsman, the late Lord Clyde, and having copied it from the register, I send it to you. The entry in the register establishes not only the name of his father, but is very strong evidence of his having been a citizen of Glasgow, if any further proof of these points were wanting. The entry is as follows:—Glasgow, October, 1792.—M'Liver—John M'Liver, wright, and Agnes Campbell: a L. Son, Colin, do. 20th. With, Kenneth M'Callum and Duncan Munro."

## RAFFLE.

THE NEW AND SPLENDID YACHT "NONESUCH" will be raffled at the Colonial Hotel on Saturday, the 21st day of November prox. 125 chances at \$2 each. Tickets can be obtained at Clarkson & Co.'s Book-store, and at other places throughout the city.

New Advertisements.

## PIONEER MILLS,

BURRARD INLET,

British Columbia.

THE SUBSCRIBERS, having completed their Saw Mill on the above Inlet, five miles above the first narrows, are now prepared to furnish

FIR, CEDAR AND SPRUCE

LUMBER,

EITHER ROUGH OR DRESSED.

— ALSO —

TONGUED AND GROOVED FLOORING,

in any quantity, delivered at the Mill, New Westminster, or Victoria, V. I., at prices considerably lower than those ruling at Puget Sound.

The quality of the timber on the Inlet is much superior to that either on the Sound or the Lower Fraser, and they can, consequently, engage to produce a better article of lumber.

Mr. P. Hick, of New Westminster, will receive orders, which will be promptly attended to.

L. W. GRAHAM & CO.  
Pioneer Mills, Burrard Inlet, June 30, 1863. jyl-1c

## REMOVED!

J. A. WEBSTER

Has removed to his new Stone

Building. 26

## EXPRESS.

DIETZ & NELSON'S

British Columbia & Victoria Express,

CONNECTING AT VICTORIA WITH

Wells Fargo & Co.,

FOR

CALIFORNIA, OREGON, ATLANTIC STATES & EUROPE;

AND AT YALE AND LILLOOET WITH

BARNARD'S CARIBOO EXPRESS,

## BONDED WAREHOUSE.

500 Tons Storage.

THE NEW FIRE-PROOF BRICK WAREHOUSE, in

Lytton Square, New Westminster, has been declared

by the Government to be a Bonded Warehouse on

and after this date.

Merchants and Shippers to British Columbia, who

wish to store merchandise in bond or duty free, are

justified that 500 tons can be stored in the New Brick

Warehouse.

HARRIS & CO. jy25

## Municipal Notice!

NOTICE is hereby given to owners of Lots in Wards

V. VI. and VII. that they are required to cut down

the Timber on their Lots on or before the 31st Decem-

ber, otherwise the Municipal Council will order the

same to be cut down at the expense of the owner.

By order,

VALENTINE HALL,

Town Clerk. oc14-1d

## W. GRIEVE,

Tailor and Clothier,

Two Doors East of the Colonial Hotel,

Columbia Street.

ALL ORDERS entrusted to his care promptly attend-

ed to, and work finished in the latest style. 43

## W. J. ARMSTRONG,

COLUMBIA STREET,

NEW WESTMINSTER, B. C.,

IMPORTER,

WHOLESALE AND RETAIL DEALER IN

GROCERIES, PROVISIONS,

HARDWARE, CROCKERY,

GLASSWARE, AND

Oilman's Stores.

Would call the particular attention of Up-river Mer-

chants, Steamboat Owners and others up his Stock, and

ascertain the prices before purchasing elsewhere.

N. B.—Fresh Garden Seeds just received and

for sale.

## LILLOOET ROUTE.

THE UNDERSIGNED HAVING REFITTED THE

PEMBERTON HOUSE.

FOR THE

Accommodation of Travellers,

WITH

BEDS AND LIQUORS,

AND having engaged the best Cooks on the Pacific

Coast, are prepared to furnish the travelling pub-

lic with all the comforts and luxuries of a FIRST-

CLASS HOTEL, at greatly reduced rates.

N. B.—Travellers will find it to their advantage to

patronize this House, as none but the best of everything

will be furnished.

P. SMITH & CO. se13

Pemberton, Sept. 12th, 1862.

## LOCHLOMOND HOUSE!

AT THE

Seventy-four-mile Post

ON THE

Lillooet-Alexander Road.

THE PROPRIETORS call the attention of travellers

to Cariboo this House, which is just opened for

the travelling public, where Good Meals can be had at

all hours, with all the delicacies of the season.

THE BAR

will contain CIVILITY, and the best

LIQUORS AND CIGARS.

This is the first house within 15 miles where good

water can be obtained; and, being 27 miles above the

Junction, affords a comfortable and convenient stopping

place.

Packers, Stagers and Teamsters are informed that

they will find good stabling and the best of provender,

as well as an excellent run for cattle on the grounds.

The strictest attention will be paid to the comfort of

those who may patronize the Lochlomond House.

McMURPHY & GRANT.

Lochlomond, British Columbia, March, 1863. tc

## CLINTON.

WATSON & CO., OF THE 47 MILE HOUSE, situ-

ated at the Junction of the Lillooet, Lytton and

Alexander Wagon Road, beg leave to inform the travelling

public that they have erected and are now fitting

up near their old stand a large and commodious house

to be known as the CLINTON HOUSE.

THE ABOVE ESTABLISHMENT is being fitted up

with a large and commodious Bar-room, with a splendid

Billiard Table; also a dining room capable of seating

50 men, private sitting room, with bed rooms at-

tached, for the accommodation of families. Bedrooms

fitted up with Pull Mattresses. Bunks and mattresses

free of charge for those who wish to use their own blan-

kets. The culinary department is under the supervision

of an experienced cook. A large garden is attached,

from which the table is supplied with fresh vegetables.

The best of Liquors always kept at the Bar. Stabling

to accommodate 40 horses, with plenty of hay and grain

always on hand.

TERMS.

The British Columbian.

NEW WESTMINSTER, WEDNESDAY, NOV. 18, 1863.

## THE WAR.

The *Enterprise* arrived last evening putting us in possession of war news up to the 5th inst., a summary of which we hasten to lay before our readers:

CHICAGO, October 25.—A late number of the *Richmond Examiner* notices editorially the report of the Bank Committee of the Virginia House of Delegates on the reduction of the currency, and says: "We are unwilling for the instant to appear to discourage any scheme looking to a reduction of our inflated paper currency, but truth forces us to say the plan will prove a failure. The report commends the creation of \$400,000,000 of a national loan upon certain terms and conditions."

The *Examiner* takes rather a blue view of the Confederate prospects. The drift of the article seems to be, that the only hope of success is from foreign interference. It says such decisive military advantages as to reduce the enemy to submission, can scarcely be expected. If any prompt termination can be hoped for it is from foreign complicity, to which it [the war's] further continuance will always afford occasion. The situation of France with regard to Mexico multiplies occasions of collision with the United States, and clearly fixes her policy in an attitude of sympathy with the South.

Information of great suffering, almost reaching to famine, from the people of the country through which the two armies lately passed, has been received at Washington.

The number of Federal prisoners held at Richmond is 12,000. The garrison of Charleston was attacked on the 19th and 443 prisoners captured. The report of extreme destitution in Richmond is confirmed.

The steamer *Rancho*, from Havana the 21st, has arrived. Nothing new from Mexico. The rebellion in St. Domingo continues to grow more powerful, and covers a greater extent of territory. The reported bombardment and destruction of Puerto Platte is incorrect.

A special telegram to the *World* from Washington 28th, says: "There has been the usual light skirmishing along the front to-day, though indicating no probable engagement. It seems a settled fact that the enemy rely on the defensive to prevent our forces from crossing the Rappahannock; as it is accepted at last, that a small force of cavalry and a brigade of infantry constitute all the rebel force this side of the river. The entire country between Washington and the army now is nearly relieved of guerrillas. Several deserters from the enemy have come into our lines, and relate startling stories of the suffering of the rebel troops for clothes and food; and also add that Gen. Hill is under arrest for failing to carry out instructions in the advance of his corps on Gen. Meade."

NEW YORK, Oct. 29.—A Chattanooga letter to the *Herald* says: "Deserters continue to come into our lines notwithstanding the measures taken by Bragg to prevent them. Nine men and one commissioned officer came in yesterday. The officer, who is intelligent and apparently honest, told a tale which is cheering and inspiring to all good Union men, and which corroborates previous information. He says a full brigade of Tennesseans, with their general at their head, attempted to come through our lines in a body one day last week, and one division of staunch rebels was called out to prevent them. A fight of the most sanguinary character ensued, in which artillery and musketry were used for three or four hours, resulting in the overpowering of the discontented Tennesseans, after some 800 had been slaughtered on both sides. The sound of cannon was distinctly heard in our camps at the time, but nobody could explain the phenomenon of a brisk fire so close to the enemy's rear. The officer says the matter was hushed up, and has since been kept so quiet that the extreme of Bragg's army knew nothing definite about it. Bragg's distrust of his Tennessee and Georgia troops is, perhaps, an explanation of his delay in attacking us."

FORTRESS MONROE, Oct. 29.—The *Richmond Enquirer* of the 27th has the following from Charleston, dated the 26th: "The enemy's batteries, Wagner and Gregg, opened this morning with seven guns; from the latter, four were principally directed against Sumter and Johnston; two monitors were also engaged. The firing ceased at dusk. 100 shots were fired from Morris Island, and 160 from the monitors. No damage was done. Our batteries replied vigorously."

KNOXVILLE, Tenn., Oct. 25.—The Confederates were driven back beyond Philadelphia. Loss trifling. The Confederates were defeated on the 21st at Cherokee Station on the Memphis Railroad. A brisk cavalry fight took place the day previous at the same place. Losses unimportant. Next morning a force of 4000 to 6000 under Lee was encountered and defeated. Federal loss 100. The Confederates are said to have a force of over 40,000 near Tusculum on the railroad, and 20,000 more from Bragg's army were expected. The steamer *Mist* was captured and burned, and the passengers robbed by guerrillas between Helena and Memphis. The steamer *Leviathan*, after a run of 35 miles, was captured. She was sent to New Orleans. The *Venus*, one of the largest and swiftest blockade runners, with a valuable cargo, was driven ashore the *Norfolk*, and totally destroyed.

WASHINGTON, 26th.—The steamer *Tennessee* captured the British schooner *Friendship*, laden with munitions of war, and blew up another named the *John off the Rio Grande*. Two Confederate boats had also been blown up on the Louisiana coast. The *Pentecost*, with a cargo of gunpowder, was destroyed by the *Caspeza* on the 8th. Lieut. Boice, of the 5th New York cavalry, while out reconnoitering with an orderly, fell into the hands of guerrillas, but subsequently gallantly escaped.

The Confederate cavalry under Morrison and Dillard attacked the enemy on the 21st at Philadelphia, capturing 400 prisoners and completely routing them.

CINCINNATI, October 27.—Gen. Rosecrans made a speech before the Merchants' Exchange yesterday. It was his firm belief if the forces recently sent to Chattanooga had been ordered there before, as they should have been, the backbone of the rebellion would have been broken. The General left last night for his home at Yellow Springs.

A Knoxville despatch of the 25th to the *Gazette* says: "The engagement to-day was a hot hand-to-hand affair of four hours. The rebel force was estimated at 5,000, and lost in killed, wounded and prisoners, over 300. Walford recaptured his wagon train and some of his men, but lost his battery. Our loss is not over 30. A special dispatch to the *World* says: 'It is asserted on the very highest authority that the removal of Gen. Meade has been decided upon, and will take place so soon as the Government can settle upon his proper successor. Our army is changing its base somewhat, for strategic purposes improper to mention.—The correspondent of the *Columbus (Ga.) Enquirer* gives the official report of the rebels killed, wounded and missing, at the battle of Chickamauga at 17,999."

NEW YORK, October 28.—A prize fight for \$1,000 came off yesterday between Con Fitzgerald and Ed Wilson, near Fort Penn, Del., in which Fitzgerald was the victor in 10 rounds. The fight between Con Orme and Pat Marly was suspended after the 76th round, nearly the whole party being arrested.

WASHINGTON, October 30.—In a recent announcement of the quotas of several States under President Lincoln's proclamation of October 17th calling out an additional force of 300,000 men the deficiencies of States under the former calls and under the recent draft are taken into account only in reference to the subsequent draft, in case another draft is rendered necessary by a failure to furnish a full quota of volunteers. It is presumed that there will be no draft in those States which raise the quota of 300,000; but in the States where it is to be resorted to, all deficiencies at the time existing in such State, will be taken into account.

The work of strengthening and increasing the fortifications at Vicksburg is steadily progressing.

HAVANA, Oct. 24.—A letter to the *Herald* states that insurgents in St. Domingo have completely destroyed the town of Puerto Platte, and gained advantages at Azua. Venezuelan advices state that Gen. Falcon has captured Porto Cabello.

WASHINGTON, Oct. 30.—Lookout Mountain was taken on the 28th by our troops under Gen. Hooker, with the 11th corps and a portion of the 12th, and Palmer's division of the 4th corps.

NASHVILLE, Oct. 30.—Gen. Thomas telegraphed the War Department yesterday as follows: "Gen. Hooker was attacked at midnight and a severe fight ensued, which continued for two hours with lighter works until 4 this morning. Gen. Hooker reports at half-past 7 that the conduct of our troops was splendid, repulsing every attack made on them, and driving the enemy from every position they assailed."

FORTRESS MONROE, Oct. 30.—The *Richmond Enquirer* of the 27th says: "Quite a severe cavalry fight is reported to have taken place at Brandy Station on Sunday, in which the enemy was defeated and driven back five miles from here. We have no details."

The *Herald's* Washington special says: "It has been determined by the President to take no official notice of the French invasion of Mexico until our own domestic affairs shall have been adjusted."

CAIRO, Oct. 31.—Southern papers of Wednesday state that the town of Tusculum, Ala., has been captured by our forces, and that Gen. Osterman's division was now in possession thereof. The enemy attacked Gen. Geary's division, posted at Wanhatchio, on the night of the 28th, but were driven back in gallant style. A treasonable plot, implicating several prominent persons in Cincinnati, had been discovered, the intention of which was to release Confederate prisoners, numbering 3,500, and overthrow the State Government.

The *Atlanta Appeal* claims that in the late raid in Rosecrans' rear by Wheeler, 1,100 wagons and 3,500 mules were captured. Most of the wagons were destroyed and the mules shot at McMinville. He destroyed 30 days' rations for the entire army. He also destroyed 2 teams and cars loaded for the Chattanooga railroad, and then destroyed the track of the Louisville and Chattanooga road for 20 miles. Wheeler acknowledges the loss of three pieces of artillery, and 1,000 men killed, wounded and prisoners.

FORTRESS MONROE, Nov. 2.—The *Richmond Whig* has the following dispatch, dated Charleston, Oct. 30th: "The bombardment of Sumter to-day was as heavy as has ever taken place. From sundown on Wednesday till sundown on Thursday, 1,250 shots were fired from 15-inch mortars and 300-pounder Parrotts, against our fort. Our loss was 7."

CHARLESTON, Oct. 31.—The enemy's fire on Sumter last night was furious and incessant from the land batteries. At 4 o'clock this morning a portion of the wall fell in, burying beneath its ruins some men belonging to the 12th Georgia and 25th South Carolina. 13 are missing from the force. The bombardment has been kept up to-day from the monitors and land batteries. No other casualties have occurred. Over 1,200 shot have been fired in the last 24 hours.

CHARLESTON, Nov. 1.—The bombardment of Sumter has been continued last night and to-day, the shots averaging four per minute. The firing was from two monitors, two heavy and two light rifled guns at Gregg, and one 10-inch mortar at the middle battery, and four rifled guns at Wagner. On Saturday the enemy fired 86 shots from the monitors and 373 from the mortars. The flag was so cut to pieces that the battle flag of the 12th Georgia was raised instead of it. The casualties on Saturday were 2 killed and 3 wounded. The bombardment is still severe.

It is believed that Meade has received positive instructions to bring on a battle, and in the event of failure he will be superseded, but at latest accounts no movement had been made. Intelligence from Memphis the 4th states that the Confederates attacked Collierville again on

the 3rd, and after a brief but sanguinary struggle the rebels were repulsed. Several prisoners were captured, among them Brig.-Gen. Henry and three of his staff. We have no definite report in regard to the number killed and wounded.

Corinth dates of the 1st state that about two-thirds of the 1st Alabama Regiment was recently surrounded by a large force of rebels, but succeeded in reaching Corinth, though they probably lost many killed and captured.

Advices from Little Rock report Price as having retired beyond Red River. His cavalry only occupy Arkadelphia. We have but a few additional particulars in regard to the attack on Pine Bluff. The rebel force numbered from 3,000 to 4,000, with 12 pieces of artillery. Their loss is said to have been great, as the rout was complete. Pine Bluff was badly damaged by shells. Steps have been taken to intercept the rebel retreat.

NEW YORK, Nov. 5.—Sterling Exchange nominal at 161½; Gold firm at 147½; Quicksilver Mining Company 64.

## European News.

Trouble has again broken out in India, and also in New Zealand.

The Poles had offered to form an alliance with Turkey, to reconquer the whole of what has been lost by the Ottoman Empire.

Henry Ward Beecher addressed a very large audience in Liverpool, at which a riot was with difficulty kept down. He subsequently addressed an immense assembly at Exeter Hall, London.

The British Cabinet has postponed its decision regarding the recognition of the Poles as belligerents.

The troubles in India attracted considerable attention. It is stated that Punjab had been invaded by 7,000 men, headed by the sons of Dost Mohammed, who were thought to be only the vanguard of a large force. British troops have been sent against them, and other precautions taken to ensure their overthrow.

The war in New Zealand is termed a war of races, and energetic measures are being taken by the troops and colonists for a decisive victory over the natives.

The *Levant Herald* confirms the report that the Porte had offered to purchase the runs in the Mersey, and bid Laird's price, £130,000 each.—Mason, the Southern Commissioner, was again in England, the guest of W. S. Lindsay.

The British Admiralty has decided to construct a new squadron of iron gunboats, armor-plated, with double screw propellers, to be armed with two heavy Armstrong guns.

The *Alabama*, *Georgia* and *Tuscarora* continue to cruise around the coast of Cape Good Hope. Official news from Japan states that in the attack and destruction of Kisogawa, the English lost 1 killed and 39 wounded.

The *London Times* has an editorial holding up in warning tones the threatening position of affairs throughout the world, and urging that it is the plain duty of England to seize and use all the opportunities of her position to act as arbitrator, and make and keep peace while she can.

## ARRIVAL OF THE 'RELIANCE' \$125,000 IN TREASURE!

The steamer *Reliance* arrived from Yale last evening with 75 passengers, amongst whom were Mr. Grier and a number of Caribboes with heavy "saws," amounting in all to \$125,000. The news is unimportant, but the greatest confidence is felt respecting the mines. The weather was comparatively mild and pleasant.

The news from Shuswap continues to be of the most encouraging character, and traders are hurrying out a supply of provisions. Mr. Dietz had made several unsuccessful attempts to recover the treasure bag, the late rains having rendered the water more rilly than usual.

POSTAL SERVICE.—Not long ago we drew attention to the absurd arrangement by which Antler Creek was still continued as the Caribbo terminus of our inland mail service, and that all mail matter going to Williams Creek was subjected to Express charges from thence. We are now happy to state that this grievance has been done away with, and that mail matter for Williams Creek is carried direct to Richfield, without any extra charge. This is an important change, for which the Government deserve the thanks of the colonists in general and of the miners of Caribbo in particular.

PIONEER STEAM MINERS.—To Messrs. Hard Curry, Loring & Co. is due the credit of introducing steam into Caribbo. Mr. Curry went up yesterday, having shipped the steam engine &c. to work their well known claim on Williams Creek. The cost of transport alone upon this machinery will no fall short of \$4,000. We sincerely trust their enterprise will meet with a fitting reward. It is to be hoped other rich claim owners will follow their example, as the application of steam to the deep diggings will doubtless lead to the most favorable results.

A FALSE ALARM.—On Monday evening an alarm of fire was given when the Hyacks, true to their name, which, in English, signifies *quick*, where out and up the street with the Fire King in an astonishingly short space of time. They soon discovered, however, that the fire was confined to a large pile of shavings which had been removed from the new Presbyterian Church.

ACTING CHIEF COMMISSIONER.—C. Brew, Esq., Chief Inspector of Police, Chief Gold Commissioner, Judge of the Small Debts Court, Stipendiary Magistrate and Acting Colonial Treasurer, has received the additional appointment of Acting Chief Commissioner of Lands and Works, vice Col. Moody, resigned. His titles will now stand thus:—C. I. P., C. G. C., J. S. D. C., J. P., A. C. T., A. C. C. L. & W.

CHANGED HANDS.—From a notice elsewhere it will be seen that the business hitherto carried on by Clark & Co., as Butchers, has been purchased by Messrs. Brokenbrow & Armstrong, thus infusing into it permanency and efficiency. They have a large supply of fat cattle on the prairie at Langley, and elsewhere, and are in a position to keep a constant supply of excellent meat

## THE AUTUMN ASSIZES.

We are truly a model community. The fall Assizes were opened on Monday—although advertised in the *Government Gazette* to take place on the 25th—and the Grand and Petit Juries were sworn in, but there was not a single case, either civil or criminal, to go before them!! This is a fact of which we may well be proud, and which speaks volumes for the City and District of New Westminster. We will not say how far want of confidence in our judiciary system has contributed to this result.

The charge against Mr. Cary came up and was withdrawn by Mr. Begbie upon the extraordinary ground that his name could not be struck off the Roll for this Colony as he believed there was no Roll in existence!! What a mess. If there is not a Roll whose fault is it? If there is should not the Supreme Judge be cognizant of it? But whether there is or not, is a practicing Barrister to be permitted to set the laws which regulate the practice at defiance with impunity? So high-toned and exclusive are our Courts that a Barrister from the British Colonies is excluded altogether, and yet an English practitioner may play the blackguard *ad libitum*.

## Municipal Council.

Town Hall, Monday evening.

November 16th, 1863.

Present, the President, and Councillors Holbrook, Manson, Robson, Armstrong, Brown, Claudet, Ross, Clarkson and Webster. In the absence of the Clerk Mr. Bubby was appointed Clerk *pro tem*. The minutes of last meeting were read and ordered to be laid over till next meeting, as they were not engrossed. A communication from Mr. Hitchcock was read, requesting the Council to clear off the lying timber from that portion of the Royal Avenue in front of lots Nos. 1 and 2. An account from Donald McPherson for \$10 for work done on Douglas street, under the Board of Works, was submitted; also one from Joseph Savoy for \$25 for work on the same street, both of which were ordered to be paid.

Several Committees reported. It was then moved by Mr. Armstrong, seconded by Mr. Manson, and carried, that the contract for constructing a side-walk on Mary street be awarded to Mr. Sutherland. Specifications were introduced by Mr. Clarkson for clearing certain streets in the suburban plot, and tenders ordered to be invited for the same. The party to whom the contract was awarded for making Blackwood street having abandoned it, it was moved by Mr. Clarkson, seconded by Mr. Brown, and carried, that tenders for the same be again invited. The party to whom the contract for constructing a roadway on the Royal Avenue between Mary and Douglas streets having declined to perform the work, it was moved by Mr. Robson, seconded by Mr. Armstrong, and carried, that the contract for the same be awarded to the next lowest tender. Moved by Mr. Ross, seconded by Mr. Robson, and carried, that the sum of \$250 be placed at the disposal of the Fire Department.

## NOTICES OF MOTION.

By Mr. Armstrong—For an expenditure of \$200, for the purpose of making a portion of Mary street the entire width;  
By Mr. Robson—To fix the salary of the City Engineer at \$250 for the unexpired portion of the current Municipal year;  
By Mr. Holbrook—To clear away lying timber in compliance with request from Mr. Hitchcock;  
By Mr. Ross—To clear a part of the Royal Avenue; Melbourne street; Montreal street; Douglas street, as far as the Cemetery; Queen's Avenue, the entire length; St. Patrick's street, and St. Andrew's Square;  
By Mr. Robson—To move for a committee to furnish the new Town Hall;  
By Mr. Ross—For the sum of \$35 to be placed at the disposal of the Board of Works for certain improvements to water courses on Columbia street.

## REPORT OF THE GRAND JURY.

To His Honor Judge Begbie, Judge of the Supreme Court of British Columbia:  
The Grand Jury, in accordance with their usual custom, beg most respectfully to make the following report:

After having had fully explained to them what their duties are by your Lordship, and at the same time we have to congratulate you on the entire absence of crime for the last six months in this District, and in accordance with the time honored usage of our "Mother Country" we beg to present you with a pair of "white kid gloves."

First.—We desire to call the attention of the proper authorities, through your Lordship, to the dangerous state of the river steamers in not having sufficient protection for the lives of the travelling public. Small boats, life-preservers, and railing on the guards, we consider absolutely requisite.

Second.—We wish to call the same attention to steamers leaving this town on the Sabbath, and also to traders having their places of business open on the same day, and selling goods therefrom.

We also wish to call the attention of the authorities to the fact of a nuisance in the street, during night time, from Indian women strolling about, and we think they ought not to be allowed in the street after six o'clock in the evening. All the above we beg to submit for your consideration.

W. J. ARMSTRONG, Foreman.

New Westminster, November 16th, 1863.

## FOR SALE!

THE NEW WESTMINSTER HOUSE!

THE PROPRIETOR of the above premises, wishing to retire from public business, offers for sale one of the best stands, best furnished, and best paying Houses in the Colony.

### Poetry.

On a Broken Shell of the Chambered Nautilus.

[BY OLIVER WENDELL HOLMES.]

This is the ship of pearl, which poets feign

Sails the unshadowed main;

The venturous bark that flings

On the sweet summer wind its purple wings,

Le gull enchanted, where the siren sings

And coral reefs lie bare,

Where the cold sea-maids rise to sun their streaming hair.

Its webs of living gauze no more unfurl;

Wrecked is the ship of pearl!

And every chambered cell,

Where its dim dreaming life was wont to dwell,

As the frail tenant shaped its growing shell,

Before the lies revealed—

Its inlaid ceiling rent, its sunless crypt unsealed!

Year after year beheld the silent toil

That spread his lustrous coil;

Still, as the spiral grew,

He left the past year's dwelling for the new,

Stole with soft step its shining archway through,

Built up its idle door,

Stretch'd in its last found home, and knew the old no more.

Thanks for the heavenly message brought by thee,

Child of wandering sea,

Cast from her lap forlorn!

From thy dead lips a clearer note is born

Than ever Triton blew from wreathed horn!

While on my ear it rings,

Through the deep caves of thought I hear a voice that sings

Build thee more stately mansions, O my soul!

As the swift seasons roll!

Leave thy low vaulted past;

Let each new temple, nobler than the last,

Shut thee from heaven with a dome more vast,

Till thou at length art free,

Leaving thine outgrown shell by life's unresting sea.

DESCRIPTION OF LEE BY A BRITISH OFFICER ON LEAVE.

"General Lee is, almost without exception,

the handsomest man of his age I ever saw.

He is 56 years old, tall, broad-shouldered, very

well made, well set up—a thorough soldier in

appearance; and his manners are most courteous

and full of dignity. He is a perfect gentle-

man in every respect. I imagine no man has so

few enemies, or is so universally esteemed.

Throughout the South, all agree in pronouncing

him to be as near perfection as a man can be.

He has none of the small vices, such as smok-

ing, drinking, chewing, or swearing, and his

bitterest enemy never accused him of the greater

ones. He generally wears a well-worn long

grey jacket, a high black felt hat, and blue

trousers tucked into his Wellington boots. I

never saw him carry arms; and the only mark

of his military rank are the three stars on his

collar. He rides a handsome horse, which is

extremely well groomed. He himself is very

neat in dress and person; and in the most

arduous marches he always looks smart and clean.

In the old army he was always considered one

of the best officers; and at the outbreak of these

troubles he was Lieutenant-Colonel of the 2nd

Cavalry. He was a rich man, but his fine estate

was one of the first to fall into the enemy's hands.

I believe he has never slept in a house since he

has commanded the Virginian army, and he in-

variably declines all offers of hospitality, for fear

the person offering it may afterwards get into

trouble for having sheltered the Rebel General.

The relations between him and Longstreet are

quite touching; they are almost always together.

Longstreet's corps complain of this sometimes,

as they say they seldom get a chance of detached

service, which falls to the lot of Ewell. It is

impossible to please Longstreet more than by

praising Lee. I believe these two Generals to be

as little ambitious and as thoroughly unselfish

as any men in the world. Both long for a suc-

## THE SUFFERER'S BEST FRIEND.

### HOLLOWAY'S PILLS.

All Disorders affecting the Liver,  
Stomach and Bowels.

These Pills can be confidently recommended as the most simple and certain remedy for indigestion, flatulency, acidity, heartburn, colic, constipation, and all the many maladies resulting from disordered stomach or bowels. In all diseases it is of primary importance to set the stomach right. These Pills are purifiers, alteratives, and strengtheners of the stomach. They may be taken under any circumstances. Though powerfully tonic, and satisfactorily aperient, they are mild in their operation, and beneficial to the whole system.

Weakness and Debility, Nervous Irritability.

The whole effect exercised by these admirable Pills over the blood and fluids generally is like a charm in dispelling low spirits, and restoring cheerfulness. Their general aperient qualities well fit them for a domestic medicine, particularly for females of all ages and periods of life. They never betray any disagreeable irritating qualities; they quickly eject all impurities from the system, and regulate every function of the body, giving wonderful tone and energy to weak and debilitated persons, while they brace and strengthen the nervous system in a most extraordinary manner.

To Regain Health, Strength and Vigour.

Whenever persons find themselves in that state termed a "little out of health," and there are so many causes at work to shorten life, it is necessary that Holloway's Pills, the finest purifier of the blood ever known, should be at once taken, as they not only rid both solids and fluids of all morbid matters, but regulate all disordered actions, and strengthen the frame in a most extraordinary manner.

Old Coughs, Colds and Asthmatical Affections.

These Pills, assisted in their action by rubbing Holloway's Ointment very effectually twice a day upon the throat and chest, and keeping those parts covered with the preparation, will be found the most effective remedy for asthma, coughs, colds, bronchitis, and influenza. These remedies tranquilize the hurried breathing, soothe the irritated air-passages, and assist in dislodging the phlegm which stops up the air-passages. This treatment has proved wonderfully efficient in not only curing old settled colds, but asthma of many years standing, and even when patients who were in so bad a state as not to be able to lie down on their beds lest they be choked with phlegm.

Derangement and Distention of the Bowels, Flatulency, Diarrhoea and Dysentery.

Any symptoms of the above complaints should be immediately met by appropriate doses of these Pills, according to the printed directions; delay may be followed by disastrous consequences. These Pills are a certain remedy for all the ailments of the alimentary canal; they secure the thorough digestion of the food, and act most kindly on the stomach, liver, bowels and kidneys. As a household medicine they are unrivalled, and should always be at hand.

Very Important, of Costiveness Beware.

Rarely but little notice is taken of costiveness, yet, at certain periods, it is a sure sign that danger is near. All who are seized with epilepsy and paralysis, have previously suffered from costiveness. In the former case the blood flows to the head, a small vein is ruptured on the brain, and we know the rest. Let wives counsel their husbands, and husbands their wives, never to go to bed a second night, if the bowels have not been properly moved during the day, particularly if they feel heavy and drowsy. A few gentle doses of these fine Pills will regulate the circulation of the blood, and all dangerous symptoms.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Female Irregularities	Retention of Urine
Asthma	Flooding of all kinds	Scrofula, or King's Evil
Bilious Complaints	Fits	Sore Throat
Blotches on the skin	Gout	Stone and Gravel
Bowel Complaints	Head-ache	Secondary Symp-
Colic	Indigestion	tic Douleur
Constipation of the bowels	Inflammation	Tumours
Cough	Jandice	Ulcers
Consumption	Liver Com-	Veneral Affections
Debility	plaints	Worms of all kinds
Dropsy	Lumbago	Weakness, from whatever cause, &c., &c.
Dysentery	Piles	
Erysipelas	Rheumatism	

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London; also by all respectable Druggists and Dealers in medicines throughout the civilized world, at the following prices:—1s. 1ld., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each Box.

## ALL CURES MADE EASY!!

### HOLLOWAY'S OINTMENT.

Bad Legs, Ulcerous Sores, Bad Breasts and Old Wounds.

No description of wound, sore, or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance whenever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

Piles, Fistulas and Internal Inflammation.

These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighbouring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bed time with advantage; and most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

Rheumatism, Gout & Neuralgia.

Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravities from the system, subdue and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

Eruptions, Scald Head, Ringworm & other Skin Diseases.

After fomentation with warm water, utmost relief and speediest cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach, consequently, in many cases, time is required to purify the blood, which will be effected by a judicious use of the Pills. The general health will be readily improved, although the eruption may be driven out more freely than before, and which should not be promoted; perseverance is necessary.

Sore Throats, Diphtheria, Quinsey, Mumps & all other Derangements of the Throat.

On the appearance of any of these maladies the Ointment should be well rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat; this course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

Scrofula or King's Evil and Swelling of the Glands.

This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood is impure the liver, stomach and bowels being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs.	Chapped Hands.	Scalds.
Bad Breasts.	Contracted and Stiff Joints.	Sore Nipples.
Burns.	Elephantiasis.	Sore-throats.
Bunions.	Fistulas.	Skin-diseases.
Bite of Mosquitoes.	Gout.	Scurvy.
and Sand-Flies.	Gravel.	Sore-heads.
Coco-bay.	Glandular Swellings.	Tumors.
Chiefo-foot.	Lumbago.	Ulcers.
Corns (soft).	Piles.	Wounds.
Cancers.	Rheumatism.	Yaws.
Chilblains.		

Sold at the establishment of PROFESSOR HOLLOWAY, 244, Strand, (near Temple Bar) London; and by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1ld., 2s. 9d., 4s. 6d., 11s., 22s., and 33s. each Pot.

\* There is a considerable saving by taking the larger sizes.
